MR. COBB SPEAKS AT COAST GUARD AUXILIARY

Three mobile units and factory cutaways of Vocaline telephone equipment were on display and in operation at a talk given by Charles Cobb of Cobb Electronics. Reference to rules and regulations of Citizens Band radio, its uses and procedure were given the Coast Guard Auxiliary Flotilla of Wareham and Buzzards Bay April 20th.

Vocaline has set up factory service in Marion manned by trained factory personnel. The very interesting point of this inexpensive equipment is that being transistor operated it requires very little battery power, and the upkeep is almost nil.

Mr. Cobb is available to speak without charge to any group interested in this type of equipment and can be reached by phone at CYpress 5-1110.

WHY FEWER BABIES DIE TODAY

Fifty years ago, one out of every 10 babies died during its first year of life. Today, infant mortality during that first year has declined to only one out of 40 babies. Much of the credit for this huge drop belongs to the potent drugs that help defenseless infants to fight the diseases that once meant death.

Miss Janice Lawrence was mistress of ceremonies, and she opened the program by thanking Leo F. Carreau, Mr. and Mrs. Joseph D. Pare and Mrs. Joseph A. Chamberlain for their contributions and help in making the program a success.

Daniel Hebert presented a pantomime to the record playing "When your Heartaches Begin".

A monlogue entitled "Oh! Mother" was presented by Ruth Pare, and a duet composed of Sandra Silvia and Janice Denham sang "My Happiness". Concluding the entertainment portion of the program was Leona Fearing doing the Charleston dance.

The audience also viewed three films. Refreshments were sold during intermission, and members of Grade 8 in charge were Doris Hartley, Dennis Arruda and Esther-Ann Chamberlain. In charge of the entertainment were Miss Pare, Miss Lawrence and Miss Chamberlain.
